HOW IT WORKS

Layers of Love

Individual Requests: Through our website intake form, any child that is inpatient, in active treatment for a life-threatening illness or hospice care can apply and receive a Binkeez for Comfort at no cost.

Hospital Programs: Binkeez for Comfort is committed to providing front line support for children and families starting the journey of childhood cancer. The diagnosis of cancer in a child or teenager can be a devastating blow to parents and other family members who love the child.

Inspiration Blankets: There are those others whose lives we affect by our actions and, never knowing who we are or what we do, they will affect our works in return. Every new fabric is named and dedicated after a child facing a life-threatening illness. The child receives the very first blanket made and the family receives a matching family size Binkeez. The children and fighters are what drive our mission.

Angels Among Us: Binkeez for Comfort has always been, and will always be, about more than just blankets. As an organization, we practice mindfulness any vow to always remain focused and dedicated by providing thoughtful, deliberate acts of love and kindness towards others. It is for this very reason that when a child flies into the arms of the angels, Binkeez for Comfort has deliberate and conscious acts of love for all our angel families.
