

Learn About Our Programs

The Binkeez for Comfort organization thoughtfully and sustainably supports patients and their families at a growing number of leading Children's Hospitals throughout the United States. These hospitals consistently tell us that our blankets have a positive, cascading impact. The initial warmth and comfort can lead to more rest and less stress, which in turn can lead to a more positive outcome. Child life specialists refer to these kinds of reactions as "clinical benefits". Children's Hospitals have accredited Binkeez not only for the serenity provided by our blankets, but also because the fabrics we use are certified, made in a safe, exposure-free environment and sealed in hospital approved packaging. Beyond these important accreditations, hospitals view us a trusted partner — a partner who is reliably compliant with guidelines, regulations and protocols.

Binkeez for Comfort has the humbling privilege of positively effecting the lives of thousands of children facing life threatening illnesses. Our outreach creates meaningful connections that inspire us to continue the mission of assisting and supporting children facing the unthinkable. We honor and thank the families of these children by memorializing a blanket in the child's name under our "inspirations program". The blanket is unique because it is made from a new, previously unused pattern.

Beyond blankets, our mindful organization is dedicated to the deliberate, thoughtful giving of acts of love to our families enduring the loss of child.

The Angles Among Us program is a humble and earnest expression of our heartfelt sympathy acknowledging the passing of each precious child. In 2019 we are proud to have created a Community Comfort Program where Binkeez for Comfort blankets are donated to those in need in our community in Central, MA.

Mission Statement

Binkeez for Comfort is a Guidestar Platinum-accredited 501(c)(3) non-profit organization. The Binkeez mission is to provide blankets to babies and children struggling to survive life-threatening illnesses, acute developmental and neurological disorders and severe burns, all the while offering support to parents, siblings and caregivers.

Financial Impact

Security, safety and health is woven into a child's medical journey the moment they receive and touch a Binkeez for Comfort 2019 Financial Impact Summary.

Meet Drayden

"At 3 months old, Drayden started his brave journey as a superhero as a shaken baby survivor! Drayden was adopted in to his forever family in June of 2016. He fights bravely each day with many health complications from his abusive head trauma, but he doesn't let that stop him! Along with Cerebral Palsy, Drayden fights chronic lung and airway issues, epilepsy, and more. Some of his favorite things to do are cuddle, be read to, be outside (in the warmer months), swim, and spend time with his family. Drayden adores Moana and is also a huge Batman fan. He has a communication device he uses, but he usually prefers to talk with his eyes, as it's quicker. Drayden is smart, funny, and such a joy to be around. His smile is infectious and will light up an entire room! Drayden was blessed with his first Binkeez in 2018 and he loved the soft and cozy feeling of it. That blanket quickly became a favorite and came everywhere with us. We were then blessed with a second one, and now they both come everywhere with us! Due to his medical complexities he sees many doctors and is inpatient frequently. With the love from Binkeez wrapping him tight, he always feels better and happier during it all! There has never been a blanket he has loved more than his Binkeez blankets. He gets so many compliments on them, which gives us the pleasure to spread the word about the love Binkeez has! Thank you all, team Binkeez, for your love and support near and far!" — Charlene, Drayden's Mom
